Summary:

Passionate Full stack developer with a solid understanding of **MongoDB**, **Express.js**, **React**, and **Node.js**, eager to apply knowledge in a dynamic development environment.

Experience:

Project Intern – Alpha Developer Team | Jan 2024 – June 2024

- Successfully built and customized a WordPress website, enhancing user experience and site functionality.
- Completed comprehensive training in **MongoDB**, **Express.js**, **React**, and **Node.js**, gaining practical knowledge and hands-on experience with full-stack development.
- Applied skills from **MERN stack training** to improve and optimize website performance and implemented modern web development practices.

Projects:

[\[Link\]](#) **Role-Based E-Learning Platform** – Frontend and Backend Development

Tech Stack – ReactJS, MongoDB, Express, Nodejs, Redux, Cloudinary, RTK Query.

- Created a role-based e-learning platform allowing students to purchase and access courses, teachers to create and publish courses, and admins to manage users and perform CRUD operations on courses.
- Utilized MERN stack technologies to build the platform, including React for the front-end, Node.js and Express.js for the back-end, and MongoDB for the database.
- Enhanced my learning experience in full-stack development, gaining practical skills in building and managing a complex web application

Technical Skills:

- **Frontend** - HTML, CSS, JavaScript, React.js, Redux
- **Backend** - Node.js, Express.js
- **Database** - MongoDB, MySQL, PostgreSQL
- **DevOps** - Docker

Education:

- **Government College of Engineering Aurangabad** 2024
Masters in Computer Applications (MCA)
8.1 CGPA
- **Vivekanand College Aurangabad** 2022
Bachelor of Computer Science (BCS)
71.63%
